Tasty Treats World is a Naples boutique dessert studio. The feed is built around hand-finished celebration cakes and a signature chocoflan / mini-chocoflan line, photographed close-up with caramel glaze, gold boards, and pastry-case lighting.

What is working

- The circular cupcake mark already feels boutique and feminine — keep it as the hero.
- Product photos are the brand: glossy caramel, cream piping, gold leaf, white boxes.
- Voice is warm, bilingual, and proud of the craft (mini chocoflans, hermosuras).

Gaps this package closes

- Profile art is too delicate at 110px; a stronger ring, blush glow, and icon-only avatar are included so the cupcake reads on Instagram, TikTok, and the phone dialer.
- Bio, location, and phone are missing on social. Use: Artisan chocoflans & custom cakes — Naples, FL — 786-505-5039 — DM to order.
- Website hero currently uses generic pastry stock. Replace with real chocoflans.
- Watermark @TastyTreatsWorld on every photo with the mark in this kit.
